

Please do not take this Freedom away from local listeners who love Christian Music. Airl is sponsored by it's listeners who love their music and love listening to the promise that is in GOD's word. My husband and I have been listening to this station since we heard about. Before our church start's in the morning the speaker's are blaring Airl before worship begins. People all around the world are be saved by listening to this station.
In the name of Freedom and Christ, Please do not take this away.
Thank you,
Christina Wilde and Family!!!!!!!!!!!!!!
